

Zhou Yaxian
Chairman and President
Shenguan Holdings (Group) Limited

Ms. Zhou Yaxian, the chairlady of Shenguan Holdings (Group) Limited, the senior engineer in the field of biotechnology, the expert enjoying the special government allowances of the State Council, with her team created the brand "Shenguan" -- the first Chinese national brand of collagen casing to fill the domestic blank, and rewrite the history of Chinese market monopoly of foreign casings.

Ms. Zhou Yaxian dedicated 35 years of researching and developing collagen technology, and she was an expert and leader growing up step by step from an ordinary worker of producing collagen casings, department director to company leader.

Under Ms. Zhou's leadership, the enterprise has won fifteen national, provincial, municipal scientific research achievement awards, eleven items of National Patent Office granted the patent of invention, and became a national high and new tech enterprise. Shenguan Holdings (Group) Limited as a Guangxi enterprise, Asia's largest manufacturer of collagen casing, has become the first company successfully listed in Hong Kong main board in 2009. 2011-2012 years as Hong Kong outstanding enterprises. Forbes Asia listed in the 200 strong small and medium-sized enterprises in 2013.

Since 2009, Ms. Zhou and the enterprise have donated nearly RMB20 million Yuan in cash for disaster relief, poverty alleviation, disabled student and other charity.
