

Diego Dultzin Lacoste
Co-founder of OnTheList

Diego Dultzin Lacoste has a wealth of international retail experience looking after markets in Europe and Asia. From business development to brand management, Diego has worked for some of the leading lifestyle brands in France and Hong Kong, overseeing regional operations. Working for brands such as Chanel, Kenzo, Paul & Joe, JB Martin, Kooples and Maison Ullens; Diego's extensive career in the luxury retail space is invaluable to the business he co-founded with his business partner, Delphine Lefay. Understandably this knowledge was applied from the get go when establishing OnTheList.
